CAREER OBJECTIVE

Frontend Developer with hands-on experience in building responsive and accessible user interfaces using HTML, CSS, JavaScript, and React. Focused on creating clean, performant UI components and delivering consistent user experiences in production environments.

EXPERIENCE

Ahmad Web Solutions

June 2024 – Nov 2024

Frontend Developer Intern, Delhi

- Developed responsive and mobile-friendly user interfaces using HTML, CSS, and JavaScript for multiple client projects.
- Built reusable UI components for **GaadiPlan.com**, improving layout consistency and usability.
- Designed interactive sections and animations for **Moxie Exhibitions** to enhance user engagement.
- Collaborated with designers and senior developers to implement UI requirements efficiently.
- [View Internship Certificate](#)

PROJECTS

ElderlyCare — GitHub

- Worked on the frontend development of a web-based healthcare platform providing personalized medical support for senior citizens.
- Designed and implemented responsive React interfaces for managing medical profiles including history, medications, and allergies.
- Took ownership of frontend component structure and UI state management.
- Implemented dynamic UI flows to display AI-generated health recommendations and first-aid guidance.
- Developed the frontend for QR-based Health ID cards enabling instant access to critical medical data during emergencies.
- Integrated live location sharing and emergency alert UI with backend APIs for real-time notifications.

Personal Portfolio Website — GitHub

- Designed and developed a fully responsive personal portfolio website to showcase projects, skills, and professional experience.
- Built a modern, clean user interface using React with reusable and well-structured components.
- Implemented smooth navigation, performance optimizations, and responsive layouts across devices.
- Developed backend functionality to handle contact form submissions and user interactions.
- Integrated live project demos, GitHub repositories, and a contact section to improve recruiter accessibility.
- Deployed the application with a complete frontend–backend setup for public access.
